Welcome to NMSU CAMP!

We are excited to welcome the 20th Cohort of CAMP Scholars to the 2021-2022 academic year! As you prepare to begin your college career, rest assured that the NMSU CAMP staff are here to support you and your family along the way. We are committed to our mission of recruiting, retaining, and graduating migrant and seasonal farm working students. It may seem a bit difficult to adjust to a new lifestyle and routine, but with academic support, participation in activities, campus involvement and so much more, you will have a successful year!

The ongoing COVID-19 pandemic forced us to find ways to continue providing services to our CAMP Scholars. Online advising sessions, peer mentoring and tutoring meetings will continue to be online with some exceptions. In-person meetings will need to be requested and scheduled by appointment.

Many of your classes may be online, schoolwork may still need to be done at home, and you may be interacting more with your peers online or off-campus. Do not let this discourage you. You have our full support and working together we can ensure you have a successful first year at NMSU. We look forward to seeing you soon--GO CAMP AGGIES!

CAMP 101: Let's Get Ready!

Please take the time to carefully review this important information pertaining to the beginning of Fall 2021

This year, the CAMP office will be partially open. Need to see CAMP Staff for some face-to-face interaction? Please follow the link below to schedule an appointment with CAMP Staff. [CAMP Appointment Scheduler](#). Students may also connect with CAMP Staff online via Microsoft Teams and Zoom. Virtual CAMP programming will be held via Zoom in what we call "CAMP Connect." Students will also be receiving text notifications through the Remind App.

Please be sure to download the Zoom, MS Teams and Remind applications on your computers and mobile devices.

Staying Safe during the Pandemic

It is critical to the success of NMSU in these times that everyone understands the facts about COVID-19 and the role that every student, faculty, staff, and community member plays in protecting the health and safety of our NMSU community. To minimize the risk to public health presented by the spread of COVID-19 while working and learning at NMSU, students, staff, and faculty are expected to adhere to recommendations relating to vaccination, face coverings, health monitoring, self-quarantine and isolation, all in alignment with guidance from the New Mexico Department of Health. Please respect others and follow the safety measures as much as possible.

A Home Away from Home

Living off campus?

If you are living off campus, this makes you a “commuter student.” A commuter program diminishes stress for some families and students who live close to campus.

At home, try to find a quiet place to study and prepare your online course work. Make sure to follow a routine and inform your family members of your online study schedule. Remember to eat healthy and stay active.

As a college student, time management is super important. As a commuting college student, even more so. Setting a routine is important. If you will be taking classes in person, learn how early you need to arrive on campus before your class starts and take into consideration the time it will take you to find parking (it can be a while!). Leave your house early and be safe on the road.

Don't let being away from campus stop you from being socially active. It's important to become involved in campus life by virtually attending events, joining student organizations/clubs, and participating in study groups. It is proven that students who are more active in school are more successful and more likely to return to school the second year.

Will you be living in the dorms?

Some CAMP Scholars will reside in Rhodes Garrett Hamiel (RGH) Residence Hall, located directly across the street from the Campus Bookstore.

Living on-campus will be a significant part of your college experience. This school year will be different than most. Please follow NMSU Housing guidelines and stay safe on campus. Living in the dorms also comes with responsibilities. Not only will you learn to live on your own, but you will also learn to live with a roommate and suitemates (you'll share a bathroom). Here are some good tips on sharing a room:

- Set clear expectations from the start
- Respect your roommate's/suitemates' space and belongings
- Be responsible for your guests
- Lock your door and windows
- Be friendly without expecting to be best friends
- Please remember to keep an open mind and be able to shift your perspective. Be open and willing to have conversations with roommates/suitemates before any conflicts arise.

Here is a list of recommended items for you to bring with you on move-in day:

- **Pillows, sheets, bedspread, comforter** (sizes are Twin Extra Long 35" x 80")
- **Laundry supplies/clothing hamper** (quarters are needed to operate washing machines)
- **Iron/mini-iron board**
- **Calendar**
- **Backpack**
- **Clothing hangers**
- **Alarm Clock**
- **Toiletries**
- **Dictionary and thesaurus**
- **Pictures/posters to decorate (discuss with your roommate)**
- **School Supplies** (Notebooks, Pens, Pencils) **First Aid kit**
- **Small refrigerator (under 6 cubic feet)**
- **Microwave**
- **Cables to connect your computer** (Cat5 or Ethernet cable) as well as a TV cable
- **Power Strip** (multi-outlet with built in surge-protector)
- **Television/Movies**
- **Towels/Washcloths**
- **Trashcan**

**Please communicate with your roommate. Try not to duplicate certain*

items such as a microwave and refrigerator.

Your dorm room is equipped with the following:

- **Desk and desk chair**
- **Bed and mattress**
- **Drawer storage**
- **Closet with hanging rod**
- **Mirror**
- **Ceiling light**
- **Window coverings (blinds or draperies)**
- **Your room is air-conditioned and laundry facilities are available in the building**

These items you should leave at home:

- **Alcohol and Drugs**
- **Air Conditioners**
- **Burners or Hot Plates**
- **Candles**
- **Ceiling Fans/Lights**
- **Electric Heaters**
- **Extension Cords**
- **Fireworks, Explosives, Unsafe Chemicals**
- **Halogen Lamps!!! (any model or style)**
- **Incense**
- **Pets (other than fish—10-gallon tank limit)**
- **Waterbeds**
- **Weapons (guns, knives, etc.)**

** Refer to housing guidelines*

Cost, Financial Aid, and Scholarships

Understanding the financial cost of college

The cost of attendance at NMSU consist of tuition and fees, dorms, meal plans, among other personal expenses. It is important to understand that the financial cost of attending an institution of higher education is different for each student. Students attending NMSU should be receiving a financial package consisting of Federal Grants, State Scholarships, Institutional Scholarships, other Scholarships, Work-Study, and Loans. This Financial Aid Package will help cover most of your tuition and fees, depending on your personal Financial Aid Package. Out-of-state students have a higher cost of tuition due to the Out-Of-State status. In most cases, out-of-state discounts will minimize most of the cost in tuition.

The CAMP scholarship will be awarded to students at the beginning of the school year. The scholarship amount will help pay a portion of your tuition and fees. Unlike years before, this year NMSU CAMP Scholarship will only cover a portion of all your cost. Please review the following table for more detailed information on how your Financial Package might look like. Please get in contact with NMSU CAMP to review our Financial Aid Package and help clarify any issues.
